

Construction Air Tools – Paving Breaker

Paving Breaker – VK 117L (89 lb)

The **VK 117L (89 lb) Paving Breaker** offers the same reliability and power as the **VK 117**. This demolition tool features a "latch type retainer" instead of a "spring type retainer," enhancing operator safety. Additionally, it allows for quicker tool changes, thereby saving the operator time. These breakers are ideal for demanding applications like medium to heavy demolition, breaking asphalt and rock, digging hard clay, and trenching.

The standard tools are available either in a basic version or in a version with a muffler. The mufflers can also be bought separately for retro-fitting. All breakers are available with a choice of different shanks, to accommodate needs from different markets and customers.

Technical Data

Model – VK 117L Paving Breaker		
Specifications	Metric	Imperial
Weight	40 kg	89 lb
Length	710 mm	28"
Blow per Minute	1200	1200
