

Construction Air Tools – Rivet Buster

RIVET BUSTER – VK 4611P (33 LB)

Features

- Teasing Throttle for smooth performance and operator control
- Forged steel handle for durability in tough conditions
- Stepped cylinder design to prevent accidental piston ejection
- Robust components for enduring tough work environments

The **VK 4611P Rivet Buster** technically equivalent to CP 4611P is a robust and potent hammer, delivering exceptional performance. It offers precise control over both blow frequency and energy output. Ideal for medium to heavy concrete demolition, as well as cutting large rivets, bolts, and various ripping operations. Featuring a pistol grip handle, it is well-suited for horizontal tasks and some vertical applications. The pistol grip includes an external push trigger for ease of operation.

Application

- Bridge deck work with weight restrictions
- Medium to heavy concrete demolition
- Cutting metal tanks or plates
- Industrial applications in foundries or the petrochemical industry

Technical Data

Model – VK 4611P Rivet Buster		
Specifications	Metric	Imperial
Weight	15 kg	33 lb
Length	660 mm	26"
Blows per minute	720	720
Piston Stroke	279 mm	11"
Air Consumption	21 l/s	45 cfm
Air Pressure	6.2 bar	90 psi
Piston Dia	30.2 mm	1.19"
Air Inlet (NPTF thread)	12.7 mm	1/2"
Handle Type	Pistol Grip	Pistol Grip
Shank Size	Jumbo	Jumbo
