

Construction Air Tools – Paving Breaker

Paving Breaker – VK 112 (30 lb)

The **VK 112 (30 lb)** technically equivalent to CP 0112 Paving Breaker are the lightest breakers. They have their applications in light demolition of e.g. floors, pavement, frozen ground, and masonry walls.

The VK 112 (30 lb) version is very popular for bridge deck jobs.

The standard tools are available either in a basic version, a version with a muffler and versions with extra vibration dampening (SVR models). The mufflers can also be bought separately for retro-fitting. All breakers are available with a choice of different shanks, to accommodate needs from different markets and customers.

Technical Data

Model – VK 112		
Specifications	Metric	Imperial
Weight	13.5 kg	30 lb
Length	535 mm	21"
Blow per Minute	1620	1620
Piston Dia	42 mm	1.68"
Piston Stroke	93 mm	3.66"
Air Inlet	19 mm	¾"
Air Pressure	6 bar	87 psi
Air Consumption	23 l/s	49 cfm
Shank Size	25 x 108 mm	1" X 4 1/4"

Model With Silencer – VK 112S		
Weight With Silencer	14.5 kg	32 lb

Features

- Alloy steel forgings for excellent durability
- Four-bolt back head withstands rugged use
- Integral oiler which provides continuous lubrication
